The SNA Environmental Leadership Award

Established by the SNA Board in 1999, this award recognizes individuals and businesses that have demonstrated exceptional leadership and through their voluntary efforts exemplified inspiration, vision, innovation, leadership and action to preserve and protect the environment. This award is not limited to SNA members nor to the horticulture industry. Nominations for this prestigious award are made by the SNA Participating State Associations and SNA Members with final selection by the SNA Board of Directors.

The recipients are as follows:

1999	Authors of the SNA Best Management Practices Guide for Producing Container-Grower Plants Tom Yeager, University of Florida Charles Gilliam, Auburn University Ken Tilt, Auburn University Ted Bilderback, North Carolina State University Donna Fare, University of Tennessee Alex Niemiera, Virginia Tech
